

RTZ8000

FLAT ROOF DISPOSABLE ANCHOR

The Ritz Fall Protection Flat Roof Disposable Anchor is a lightweight and portable temporary anchoring solution designed for flat or low-slope roofs. It is made of durable materials and requires no tools or roof penetration for installation. The compact design and easy installation make it an ideal and cost-effective option for workers who require temporary fall protection.

FEATURES

- Temporary anchoring solution designed for flat or low-slope roofs.
- The disposable anchor is easy to install using peel-and-stick adhesive and requires no tools or roof penetration.
- Designed to be used with a single worker and can support a maximum weight of 310 lbs.
- Lightweight, portable, and a cost-effective option for short-term use on construction sites or other temporary work environments.
