DUAL D-RING STRAP ANCHOR

Ritz Fall Protection introduces the Dual D-Ring Strap Anchor, a robust safety solution for your work environment. Ensure comprehensive fall prevention with this durable and easy-to-install roof anchor. Built with sturdy stainless steel, this ANSI-certified anchor boasts a maximum breaking strength of 5,000 lbs, providing reliable security in roofing, construction, and contracting settings. The Dual D-Ring Strap Anchor is designed for permanent use on wooden beams, making it an essential safety feature for roofing and general contracting projects.

FEATURES

- Consists of two Steel Flaps each having 10 holes
- Secure anchorage with two stamped D-rings.
- Electro-polished stainless steel base plate
- Zinc-plated D-ring for enhanced durability
