BullShark™ Hybrid Leather Driver Gloves

BullShark™ Hybrid Leather Driver Gloves are designed to offer a superior blend of protection, durability, and comfort, making them ideal for a variety of tasks where both dexterity and hand safety are paramount. These gloves typically combine different types of leather, such as split leather for the palm and fingers for robust protection and tactile sensitivity, and grain leather on the back for breathability and flexibility.

PRODUCT FEATURES

- Made of pigskin for durability and wear resistance
- Enhanced Dexterity: The use of soft, supple leathers allows for better finger mobility, crucial for tasks requiring precise hand movements.
- Reinforced Stitching: Critical stress points, including the palms and fingers, often feature reinforced stitching to enhance durability and extend the life of the gloves.
