

Tough Enough for the Job.

Built by Ritz. Trusted by Crews.

BullShark is our answer to high-demand workwear – a product line designed to handle the daily grind without breaking the bank. Every glove and piece of PPE in the BullShark lineup is built for consistency, comfort, and control on real jobsites, where durability and performance aren't optional.

Designed for the Daily.

From rough industrial environments to fast-moving crews, BullShark products are engineered for high-usage conditions. These aren't just backup gloves – they're built to be your team's go-to gear. Reinforced construction. Reliable grip. All-day wearability. BullShark delivers safety and performance where it matters most – in the hands of your crew.
