NINJA SUPER LIGHTWEIGHT COMFORT HARNESS

The Ritz Fall Protection introduces the Super Lightweight Comfort Harness, a cutting-edge safety solution engineered to provide unparalleled security and comfort for a wide range of applications. With its innovative design and comprehensive features, this harness sets a new standard for safety equipment in various industries. It boasts a range of exceptional features, including a 1-back D-ring, an integrated SRL (Self-Retracting Lifeline) connector positioned beneath the D-ring, five adjustment points for a customized fit, lanyard parking loops on the chest, and plush shoulder pads for enhanced comfort during extended wear. Ideal safety companion for a diverse array of tasks. Whether it's working at heights, construction, maintenance, or industrial operations, this harness ensures both safety and comfort.

FEATURES

- One dorsal attachment D-ring for fall arrest
- Adjustable Shoulder straps
- Adjustable leg straps
- Equipped with shoulder pad

STANDARDS

As Per ANSI Z359.14-2021

TECH SPECS
