

RTZG100S

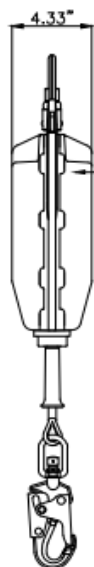

90' CABLE SRL - CLASS 1

The Ritz Fall Protection SRL is designed to provide a high level of safety and protection for workers who are operating at height. The 90' SRL has been engineered to withstand tough conditions. Allows workers to move around freely without having to worry about being restricted by the equipment. Reliable and high-quality fall protection equipment.

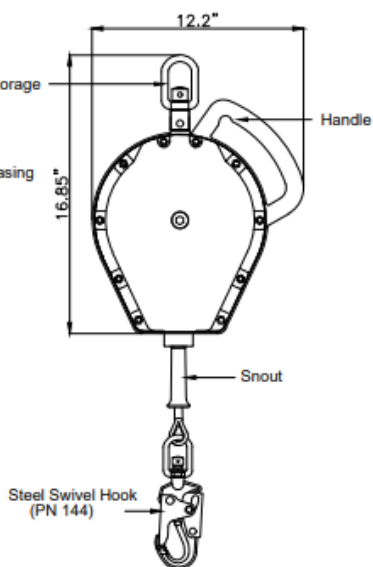

FEATURES

- Made of metal wire guide that lasts longer, improves the SRLs performance and reduce maintenance costs
- Robust & durable plastic casing
- Swivel anchorage designed to provide maximum mobility and flexibility without the need for a fall indicator
- The 90' SRL also comes with a swivel snap hook equipped with a load indicator
- Withstands significant weight and pressure
