

RTZG50SLE

50FT CLASS 2 SELF RETRACTING LIFELINE WITH SNAP HOOK & GALVANIZED CABLE

Ritz Safety Class-2 Self-Retracting Lifelines provide top-tier fall protection in rugged industrial environments. The 50' SRL has been engineered to rely on its robust build, energy-management system, and high-strength materials for enhanced safety at work. This SRL is recommended for use in industries where work at height is performed. It is suitable for a wide range of applications, including construction, maintenance, and inspection work.

FEATURES

- Made with upgraded 7/32" wire rope for greater strength and improved resistance to cutting and abrasion
- High durable polymer casing with a built-in plastic handle
- Steel snap hook and swivel anchorage eye with a steel quarter turn-lock carabiner
- External energy absorber increases energy capacity and reduces the risk of damage to the line in the event of a fall over a structural edge or other obstruction in the fall path
- Visual Load Indicator
- Withstands the fall arrest forces associated with lower anchorage elevations.

TECH SPECS

Wire Guide Material	Metal
Cable Material	Galvanized steel wire rope 7/32" thick
Casing Material	Polymer
Metal Material	Steel
Weight Capacity	ANSI 310lbs / OSHA 420lbs
Static Strength	3000 Pounds for 1 Min
Item Weight	18 lbs
Length	50 ft

STANDARDS

Conforms to ANSI Z359.14-2021 Class 2
