

RTZPCGS50FTR

50' 3-WAY SRL

Ritz Fall Protection introduces our versatile 50' 3 WAY SRL, a cutting-edge solution tailored for fall protection and rescue scenarios. This remarkable device features a retrieval fall arrester block enclosed within a durable polymer casing, seamlessly integrated with a hoisting winch to facilitate the swift retrieval of victims in challenging situations. The innovative locking pin located on the side of the casing, at the base of the handle, empowers this dual system to function independently in both fall arrest and winch modes, ensuring maximum safety and flexibility. Additionally, its effortless mounting capability on the leg of the Ritz Fall Protection Tripod System, using specialized brackets, makes it an indispensable asset for any rescue operation. Discover the ultimate tool for comprehensive fall protection and rescue with our 50' 3 WAY SRL.

FEATURES

- Made of metal wire guide that lasts longer, improves the SRLs performance and reduce maintenance costs
- 50 ft. galvanized steel wire rope
- Has swivel anchorage eye at anchorage end
- Swivel steel snap hook with Load Indicator at attachment end
- Robust & durable plastic casing
- Retrieval fall arrester block in polymer casing

TECH SPECS

Wire Guide Material	Metal Wire Guide
Cable	Galvanized steel wire rope 3/16 inches thick, 50ft long
Material	Steel
Casing	Durable plastic
Item Weight	20 lbs
Load Capacity	310lbs
Static Strength	Minimum 3000 lbs. sustained for 1 minute
Compliance	ANSI Z 359.14-2021 Class 1 & OSHA Compliant
