

RTZW11S

11' SRL WITH STEEL SNAP HOOK & WEBBING LIFELINE

The Ritz Fall Protection is designed to provide a high level of safety and protection for workers who are operating at height. The 11' SRL has been engineered to withstand tough conditions. Allows workers to move around freely without having to worry about being restricted by the equipment. Reliable and high-quality fall protection equipment.

FEATURES

- Robust & durable plastic casing
- Swivel anchorage designed to provide maximum mobility and flexibility without the need for a fall indicator
- The 11' SRL also comes with a swivel snap hook equipped with a load indicator
- This equipment is built to last and withstands significant weight and pressure

STANDARDS

Conforms to ANSI Z359.14-2021 Class 1
