ELASTICATED INTERNAL SHOCK ABSORBING LANYARDS

The Ritz Fall Protection Elasticated Internal Shock Absorbing Lanyard is the perfect solution for those who require maximum comfort and safety while working at heights. Our lanyards are designed to keep you secure and protected, even in the most challenging working environments. This lanyard is crafted with the highest quality materials and Not only are our lanyards designed with safety in mind, but they are also comfortable to wear.

FEATURES

- Y-shaped lanyards are made with 40mm wide polyester tubular elasticated webbing that is incorporated with internal energy-absorbing POY webbing, ensuring maximum shock absorption
- Features one side steel snap hook at the top and two steel form hooks at the bottom as attachment points
- The elasticated webbing provides a comfortable fit, eliminating any discomfort or chafing that can be caused by other lanyards
- For applications in construction, window cleaning, or any other industry that requires working at heights

Tested as per ANSI Z 359.13-2013
